<i>Office of Energy Projects – Division of Gas Environment and Engineering – Gas Branch 3</i>		Project No.: CP06-54 and CP06-55
Project Telecommunication in Support of NEPA Review		
Date of Call: 4/20/06		Projects: Broadwater LNG Project
Name	Affiliation	
Jim Martin	Federal Energy Regulatory Commission (FERC)	
Kristine Delkus	TransCanada (Broadwater)	

Call Summary:

- Broadwater stated that responses to FERC's EIR would be filed within the next day or two.
- FERC indicated that another EIR would be generated to address some questions raised during recent interagency meetings. FERC elaborated that some of the questions would address additional alternatives.
- Broadwater asked about the schedule for the draft Environmental Impact Statement.
- FERC indicated that the latest schedule shared with the cooperating agencies indicated a July 2006 issuance. The schedule, however, is contingent on a number of variables including the outcome of the cryogenic conference and the US Coast Guard Waterway Suitability Report submittal to FERC.
